SEMINAR BACKGROUND

In present global scenario sometimes it appears that humanity is subjected to some fear. Looking at the incidents taking place around the world, the cause of fear appears to be terror or better known as terrorism. We have been witnessing a completely different face of terrorism in reference to the ongoing situation. Where there has been lot of concern about protection of human rights, all would be meaningless without peace in the world. In the current global situation, word "terrorism" has become a term for ideological discussion.

Therefore, GIL endeavours to provide platform to academicians, thinkers and students from around the globe to discuss, deliberate and debate and contemplate solutions to this issue which is pertinent, relevant and imperative in contemporary society.
